

Ship Hongqua Towards China 1858

- June 8 Left Pier 27 East river 3 pm anchored in stream had it stormy from 4 to 9 wind from SE - westward ^{at 6 am} took anchor 4 am toward by tug & la weather very fine tottal part wind NW land out of sight by 12 several rain in night Lat 40.11 Lon 85.10
- June 9 1 had well wind SW by 4 pm pilot left 7 am the 8 small mark breeze but moderate saw gulls weed 3 am saw several sail wind SW NW NW. NW Lat 38.20 Lon 88.20 bar 30.00 the air 68
- June 10 2 with very fine wind for working wind 2 calm for 2 breeze from NW at 3 am ends 2 E by 2 clear & pleasant small breeze saw 2 sail Lat 38.00 Lon 86.55 bar 30.10 the air 74 85
- June 11 3 strong winds clear and pleasant took in sun 7 pm fly jib 3 am fore 4 pm 5 abt reef at 7 hauled down 2 masts thick wither few dark hauled down the 5 abt reef fore & main end fore sail very rough 4 stormy hauled down the 2 & 2 gal yards 10 am Lat 38.25 Lon 84.30 bar 30.5
- June 12 4 first part stormy and rough turned up boat bar rising 5 pm up to 30.30 down blow fresh through the night very rough set main sail 9 pm set the over one by the 10 am getting another fast wind about 20 at Lat 38.00 Lon 81.25 bar 30.8 & 8 mts the time
- June 13 5 strong winds thick weather sea getting more regular wind 2 by E Lat 38.18 Lon 87.14 bar 30.40 the air 71 water 68 on the wind head about E by E 78

June

Thurs 14 - Breeze & small weather quite moderate at 1
am bad head sea took in the sails saw a bark
6 thing the 1st one signal the cook had a breaking
out look like small fox put him in the cage
by himself wind S to S E - sharp howled and
S & E S E Lat 39.10 Lon 52.10 bar 30.40 then

Fri 15 - Strong winds and at times a bad head sea
under single reef main sail & jib in front
7 the time when we had had pitching saw
a whale back at 4 am head S & W wind
about S & E on the wind weather quite
clear next the time Lat 40.4 Lon 59.18 bar 30.30

Sat 16 - weather very rough sea double reef tops 1 pm at 3 water
8 smooth and green saw a number of sperm whales
round the ship within in a few fathoms didn't mind
ship he N from 40 to 50 lbs apparently Long 48.10
Lat 40.6 - set tops over one reef tops 9 pm quite
smooth better same night saw new land
here again Lat 40.9 Lon 48.00 bar 30.40 then 11 at 6 pm

Sun 17 - Strong winds throughout and a heavy dew
9 at 4 am handy to a large clipper ship took
her to be the Free Trade of New York she holds
on better than we do latter part air rather
more clear Lat 40.6 Lon 40.50 bar 30.50 then 11
wind very steadily S & E he about S E

June

Mon 18

10

Joint part: strong winds air clear to what it has
been the few trade out winds has a great deal
took in June & air temp 8 pm small generally some
light rain saw a ship bed of 8 am cross strong
winds June as usual Lat 40.15 Lon 36.40 bar 30.60
the air 70 - water 67

Tues 19

11

Strong winds & generally dull between equator
and north then NE saw a bark bed at 4 pm
looked like whaler saw 2 others 2 am bed for
the brig at 5 am Lat 40.15 Lon 32.45 bar 30.60
the ^a ^{air} 65 ship makes considerable sea way

Wed 20

12

Moderate winds from NE saw several sail but
difficult ways over coast most the time Lat 41.32
Lon 29.45 bar 30.85 the ^a ^{air} 65

Thurs 21

13

Baffling winds tacked at 4 pm bed to NW small part calm
most the time bed up high as I put the time better but
pleasant breeze bed to NW Lat 40.15 Lon 30.20 bar 30.60
the ^a ^{air} 65 saw ship backs

Fri 22

14

Saw Caracou one of the western isls, at 3 pm bore no p. Cal
fine breeze bed to NW saw a bark 6 pm looked like
a whaler had the wind baffling from 8 to 12 afterward
good breeze bed to NW to NW saw Royal & Pico 8 am bore
E & E saw a brig 10 am bed N & E Lat 37.15 Lon 30.22 bar 30.80
the ^a ^{air} 65 wind has been fluky throughout has been enough
over coast most the time

June 1855 Ship Hengua towards China

- Sat 23 within 24 miles throughout the day & nights in and out
 15 times or there and a bark 5 pm had same as our sailing
 wind SE & E to SE & S Lat 33.50 Lon 30.30 bar 30.40 the 88 68^W
- Sun 24 Squally but the time nearly calm for 2 hours and
 16 latter part winds getting light but JNW must be
 as far as W for short time wind backing down
 Lat 30.24 Lon 30.50 bar 30.38 the 70-59^W
- Mon 25 at 10 AM wind about E for short time took in
 17 stars 4 pm within looking clear & pleasant to
 westward weighed our two little boys older
 weighed 40 pounds 31. Wife still quite sea sick
 Our cook is getting better of the small pox
 no other cure yet he has had it the worst
 kind nothing else worth notice to day but
 light winds from JNW to JSE Lat 29.31 Lon 31.40
 bar 30.40 the 52-7^W
- Tues 26 very light air from J till 4 am light
 14 air from J E latter clear Lat 28.44 Lon 32.6

16

had a good time going through Gasper its entrance point bore W at 8 pm saw a ship J & E wind out 3 at midnit blew hard wind in torrents anchored at 1 am lay till 5 took anchor wind W light Lat 3.52 Lon 106.33

Mon

17

Part time light winds some rain well from S - saw land at 11 am found the thousand tide path ones bore about W at noon

Ship Log for New York

Aug 18 First part strong winds N W saw several
ships at anchor under lee of the island
anchored at 2 am dragged our anchor but bower
picked up a Malay at 4 pm his boat was swamped
could not talk English took anchor at 8 under
easy sail through night North Watcher bore N W
at noon dis 2 mile because

Aug 19 took bower N to N W first to under had wind
N W to N after saw several sail south of us but then
bore at noon N W dis 18 or 20 mile had some rain

Aug 20 had about from Ayer traded some but the native
we picked up in one of the boats found that he was
the only survivor of seven swamped in a gale
had winds light through light mostly from N W
passed through west passage through at 6 am at noon
between Crookatoe & Palo Bury day light air very
well from N

Aug 21 took bower from N at 1 am flew by had took in
all light sail 2 am under lee Crookatoe moored
but whirl winds come off the land Robt Cuff had
main sail took in jib some split stood to N & E of
Crookatoe wind blows a hurricane very bad sea & bit
main top were ship had N & W under by heavy sea in waving
considerable went down in Cabin ladder main top split
fore sail at 8 am squalls blew terrific some rain (over

- Sat over led on N tack under short reef fore this p.m. 3⁴⁵
 and main spencer wore at 7 led 9 and W tide and
 21 wind taking us in all the time rather more
 moderate from 7 to midnite at 1 am wore in.
 Jan 29.90 passage not far off set main sail & jib ran in
 but passage anchored at 11 about 4 miles N of
 North ill a ship anchored same time not far off
 looks like surprise thing about 10 sail at
 anchor which returned same night I think they
 must all have more or less damage to sails
 Sat 22 at anchor wither looks wind to 2 moderate
 here wither does not look suitable to start out
 Sun 23 Took anchor at 5 am ends working out in
 company several other sail the ship which lay
 near us was the Coringa of Boston left same
 time
 Mon 24 Beating out led strong winds most time abt 20
 this at 4 am night more moderate made sail
 passed through Java & Prince ill in company with
 Coringa - Foam of London and a three masted
 schooner through at 11 am
 Tues 25 Had a hard squall a little after noon split jib
 ship lay well over wither fair afterwards heavy swell
 from South saw great many birds set part Sat 9.17 Sun 10.2

 very bank of clouds to the south looks
 will bar going down windy SSE. SW. SW

Very
thru 20

First part better looking with took in 2 ft
thrusts double up the considerable rain sent
down fore & main tops 8 ft all that happened
between 2 pm and 5 pm at 29.90 saw a bank
hid to S at 8 pm wind N N W — Cloud up the
top of Coors handed job & spuer at Indute hvy
Clouds passing over no rain began to moderate
after Indute latter part light winds hvy swell
bore to port at 9 am winds N N W - N N W - N
bar at noon 30.10 Lat 32.55 Lon 71.20

July

21 First part light winds hvy swell quite clear
saw 2 sail one hid 2 W other E bar dropping 4 pm at
30.5 swell does not go down wind N baying 3 ft
calm dark to 10 pm light breeze to E working round
latter strong breeze from S W looking with clouds
bar going down 29.90 at noon saw 2 sail one hid NE
the other NW Lat 34.10 Lon 72.10 Coors N N W

Lat

22 First part with looking carried away still boom took in all
light sail double up the at 3 pm at 4 the weather
looking better bar below 29.80 turned one cup out
the rest of 2 main tops big storm hid about N W
wind at N W passed through hvy bank of clouds
bar going down slowly bank dim at 10 pm took in the

Over

From

put main sail at 12 wind out at NNE some rain
shortly after the 1st at 1 am with. Looking with at
8 am entered the Gulf water 85.6 to 90 latter part
hung on looking stormy Lat 86.2 Lon 83.25 bar 29.80
wind from W to NW wind partly NNE

Then

23 first part hung on took in fore & main tops and
fore sail at 2 pm weather moderated some at
sunk set fore sail took it in again at 10 o'clock
of the night blowing hard bar at 29.80 at 8 pm saw
one thick wind shifts to north fell again at 9 am
began to rise again up to 29.80 by noon heavy clouds come
from N some whirl winds wind abating a little bar
sea one heavy swell from N & another from N ship tumbles
a great deal but lays well for the sea water stands
at 72 nearly saw a bark at 3 pm and another sail
in the eve and 1 had from W by S to NW by W
Lat 86.45 Lon 72.25 the ship goes to windward
very much

When

First part bent main spencer the other split
still blowing hard sea wind about NNE
rather moderating on the whole not enough to
make sail however bar at 4 pm 29.85 began to make
sail 8 pm made out all sail on hook of 2 am
was 4 and 1/2 by W latter part very pleasant saw
a brig and about N sent up main log of 20 wind 2 W

- After 8 am started N N W by N Lat 31.41 Lon 12.40 bar 29.90
 June 25 Breeze part wind going down bar falling fast bank
 ring at N wind down at 3 took in light sails
 hauled on chud down the part over wither looked
 fine made sail wind went round S W to N South
 about at 5 pm being on by clear at N W Shortest
 sail brought her under close up the by moderate
 had her under bare poles blowing hard had a
 flat & rain from 4 am to 8 saw a steamer in S W
 at 1 am - Set main top at 8 and N E wore at 9
 and N by N wither moderate fast by rough
 bar down to 29.50 ring latter part but 29.10 Lon 12.50
 July 26 Breeze part wither moderating making sail but
 W to N N W wither clear at 4 pm having cloudy
 113 days back to the West wore ship 8 pm wind coming in N E N
 N E latter part wither pleasant Lat 38.46 Lon 13.15
 Aug 27 Breeze part wind coming ship come up N N W at 2 pm
 fine here & pleasant saw lighthouse light at 10 bore
 W at 3 am took a pilot took steam at 6
